

X86 BIOS Driver

End of Life, August 2005

Description

M-Systems is announcing the End of Life (EOL) of the X86 DiskOnChip G3/P3 BIOS driver.

Reason for EOL

The X86 architecture is being phased out of the embedded on-board storage market.

Schedule

This EOL is effective immediately. No further support will be provided for the X86 DiskOnChip G3/P3 BIOS driver.

M-Systems Alternative Products

Alternative products are:

Product	Ordering Info
iDOC 64MB	MD1150-D64
uDOC 64MB	MD1665-D64-J-T-C

Compatibility Issues

The iDOC and the uDOC devices are modular products that, unlike the DiskOnChip G3 and P3 products, are not soldered on-board.

How to Contact Us

Please contact your M-Systems' representative or visit the DiskOnChip web page on the M-Systems' website (www.m-systems.com) for any further information or assistance.
